---

## Objective

A motivated IT professional with experience in full-stack development, database management, and technical support. Passionate about leveraging my skills to contribute to Poland's growing tech industry. Fluent in both English and Polish, I am eager to gain hands-on experience in Poland's business ecosystem through the "Poland. Business Adventure" programme.

---

## Education

### Foundation Degree in Computing and IT

Manchester Metropolitan University | **Merit** | 2023

### Level 3 Extended Diploma in Computing and IT

Shrewsbury College Group | **DDM (Distinction, Distinction, Merit)**

---

## Technical Skills

- **Full-Stack Development:** PHP, JavaScript (ES6), SQL (MySQL), HTML5, CSS3
- **Database Management:** Query writing, data manipulation, troubleshooting
- **Web Development:** Responsive design, UI/UX principles, hosting
- **Scripting & Automation:** Python, PowerShell
- **Version Control:** Git, GitHub

### Soft Skills:

- Client Consultation & Business Communication
  - Team Collaboration & Leadership
  - Multitasking & Deadline Management
- 

## Professional Experience

## Technical & Sales Consultant

Carphone Warehouse / EE | 2018 - Present

- Provided expert technical support and product recommendations, leading to a 175% achievement of sales targets (year to date).
  - Assisted customers with troubleshooting, contract management, and compliance adherence.
  - Delivered training sessions to team members on product knowledge and technical troubleshooting.
- 

## Projects & Business Impact

### Social Workout Tracker

- Designed and developed a full-stack workout tracker application, showcasing technical proficiency and entrepreneurship by addressing a market need for fitness communities.
- The platform enhances user engagement through real-time messaging, social connectivity, and progress tracking, demonstrating my ability to build scalable and user-centric digital solutions.

### Netley Kennels & Cattery Website

- Developed a professional business website to improve client bookings and automate customer interactions.
  - Implemented an intuitive UI/UX with secure data handling, increasing customer engagement and business efficiency.
- 

## Languages & Cultural Fit

- Fluent in **English and Polish**, allowing seamless integration into Poland's IT industry and business environment.
  - Strong understanding of **Polish culture and business landscape**, with a passion for contributing to its digital transformation.
-
